

## PROFESSIONAL 32" STRETCHED DIGITAL SIGNAGE DISPLAY

Toshiba's stretched digital signage panels bring brilliant, eye-catching messaging opportunities to limited spaces. Designed for both horizontal and vertical installations, their stretched half-cut size makes them ideal to build in to walls and displays. IPS technology provides attention-grabbing viewing from ultra-wide angles while their High Bright LED vibrant displays deliver an outstanding picture in multiple ambient light conditions. Integrated Easy Play features include Media Player, Scheduler and Memory Function, making them ideal for public signage, menu boards and in-store digital signage where space is at a premium.

- ATTENTION-GRABBING DIGITAL DISPLAY**  
Precise image reproduction (1920 x 540) provides brilliantly effective solution to limited spaces.
- EASY PLAY**  
Integrated Media Player, Scheduler and 4GB of internal memory for easy content transfer, order and timing.
- ULTRA-WIDE VIEWING ANGLE**  
IPS technology provides attention-grabbing viewing from greater angles.
- LED BACKLIGHTING**  
The 28" diagonal screen uses High-Bright LED backlighting for a brilliant long-life picture.
- FAN-LESS VENTILATION**  
Minimises the invasion of dust, making it a quiet, efficient performer.
- MULTIPLE USAGE OPTIONS**  
Provides eye-catching messaging opportunities for both horizontal and vertical installations.
